

Tagged PDF / PDF-UA Demo

This document has a real structure tree: headings, this paragraph, the table and list below, and the image all have their own tagged structure element and reading order that follows document order, not render order. The watermark and page-number footer are marked as artifacts, excluded from that reading order entirely.

Accessibility checklist

Check	Status
Structure tree	yes
Reading order	yes
Alt text	yes

Highlights

- Headings tagged H1/H2
 - Table tagged Table/TR/TH/TD
1. Image tagged Figure with Alt text
